Proposal

VICTOR ZHANG, ELLIE KOGAN, ERIN MUTCHEK, ZHEKA CHYZHYKOVA, and MICHAEL LEE, CMPU 250, Vassar College

1 INTRODUCTION

New test

This paragraph explains the motivation for the research questions related to this topic.

This is an example in-line citation: Prior work argues that ... [?].

This is an example of a citation with an author name: ?] argue that ... .

1.1 Research Questions

In this project, we aim to explore the following research questions:

(RQ1) What is foo?
(RQ2) How is bar?
(RQ3) How much XYZ are there?

2 DATA DESCRIPTION

This is a description of the data your propose to use in your project. (Be sure your data is in your data folder in your project repo, as well.)

2.1 Description of what you expect to find

This is a sketch of some analysis you plan to do with your data and what you expect to find.
